Unbound presents a sound and practical way for Christians to experience greater freedom from the influence of evil in their lives and to enjoy greater fullness of the life won for us by Christ's life, death and resurrection. Participants will be viewing a DVD series by Neal Lozano who created the *Unbound* seminar and has presented it around the world.

What *Unbound* participants are saying...

- * "I am leaving with an absolutely new level of freedom. I had something in my heart for almost thirty years. It made me fearful, uncertain, and jealous. Now I am free."
- * "The team was great; they showed me love, respect, and encouragement. I couldn't thank them enough, especially the leader. I've been freed from anxiety, depression, and panic attacks."
- * "Before attending the conference, I was at rock bottom again in my life and had told my husband I was filing for divorce. I carried around so much junk in my heart that I wanted to free my husband of my horrible choices. At the conference my burden was lifted, I was FREED of the junk I thought I had to carry forever as a reminder of my choices. Not only my choices, but my parents' choices as well. I went home talking to God the whole way."
- * "I was under constant self-condemnation for past confessed sins, and I felt worthless. Now I am free to bask in Jesus' love for me."
- * "I was prayed over on Friday and felt a heavy load of sadness and pain just lift off my shoulders and heart. I experienced acceptance and peace and felt the love of Jesus."
- * "The seminar was and is a turning point in my spiritual journey. All my life, I have found it so difficult to feel close to God as Father because of the cruel and unloving behavior of my earthly father. I was friends with Jesus, but have never felt that special love that I have heard all my life about and yearned for. Tears come to my eyes now whenever I speak to my heavenly Father. I don't know when where or how it happened, but gradually during the seminar, from your wonderful presentations, I began to experience that "yes" God does really love me, warts and all."
- * "The time I was prayed over and ministered to lifted years of abuse and self-loathing off of my shoulders! Over the years I had many traumas that left me with no identity. Through the healing ministry on Saturday afternoon I was restored to full life. I thank God for the opportunity to be at the *Unbound* conference. All of the cords of abuse were severed, and I am left completely free."
- * "I had had a difficult relationship with my father. One thing I heard often from him were the words: "You're not worth the powder to blow you to hell." The severity of the wound those words inflicted on my spirit was revealed through deliverance prayer. The prayer team leader helped me understand these words as a curse that Satan had exploited over the years to steal from me the abundant life the Lord intended. When this was brought into the light, I was able to forgive my father, renounce the curse he had spoken, and be set free from the associated spiritual bondage. The blessing I then received from the Lord was remarkable. With my heart overflowing, I knew that the Lord wanted me to share the blessing I had received. I left the session eager to tell my story to family and friends."
